RE: Director's Order No. 07-0126
The Mulch Company, LLC, Nashville, TN

Dear Mr. Cromer:

Per our discussion earlier this week, I am requesting a hearing before the Water Quality Control Board to discuss the order. We believe the Mulch Company complied with all requirements of the Director's Order before the order was issued. The response addressed to you dated June 15, 2007 outlines the background of this case and the actions taken by the Mulch Company since a Notice of Violation was issued in March 2007. After reviewing the response, we would request that the penalties from the order would be abated.

Upon reviewing this information, please call me at (615) 740-8777 to discuss.

Sincerely,
SOUTHERN CONSULTING, LLC

Trent B. Smith, P.E.
Project Manager
